Königlich Preussisches Consulat. Honekong, den 6ten April, 1868 IE nachstehende Bekanntmachung des Königlich Preuseischen General Consulates zu Schaughae bringt hiedurch zur Kunde der Unterthanen der Norddeutschen

J. MENKE, Stellvertretender Königlich Preussischer

BEKANNTMACHUNG AUH dem Norddeutschen Bundes-Gesetz vom 25ten October 1867 haben alle Kauffahrteischiffe der Bundesstaaten, also namentlich die Prenssens, Mecklenburgs, Oldenburgs und der Städte Bremen; Hamburg und Lübeck vom 1ten April 1868 ab als Nationalflagge ausschliesslich die Bumlesflagge zu führen.

Dieselbe bildet nach der Königlichen Namen des Bundes erlassenen Verordnung von 25sten October 1867 ein längliches Rechteck, bestellend aus drei gleichbreiten horizontalen Streifen, von welchen der obere schwarz, der mittlere weiss und der untere roth ist. Das Verhältniss der Höhe der Flagge zur Länge ist wie zwei zu drei. Die Bundesflagge wird von den Schiffen am Heck, oder am hinteren Maste-und zwar in der Regel an der Gaffel dieses Mastes, in Ermangelung einer solchen aber am Top oder am Want geführt. Ein besonderes Abzeichen in. der Bundesflagge oder einen Wimpel zu führen, ähnlich dem jenigender Kriegsmarine des Norddeutschen Bundes, ist den Kauffahrteischiffen nicht gestattet.

Die Lootsenflagge der Norddeutschen ist die neue Bundesflagge im kleinen Format, rings umgeben von einem weissen Streifen, dessen Breite gleich der der inneren Streifen ist.

Die Kauffahrteischiffe haben die Bundes flagge stets zu hissen, sobald sie ein Schiff oder Fahrzeng der Bundeskriegsmarine, eine Festung oder ein Küstenfort passiren. welche ihre Nationalflagge gesetzt haben. Dasselbe gilt bei der Begegnung mit Kriegs-

schiffen befreundeter Mächte auf See. Nach § 18 des Flaggengesetzes genügen, die bisher von den einzelnen Landesbehörden ertheilten Certificate auch zur Führung der Consular-Certificaten versehenen norddeutschen Schiffe haben indessen sofort ihre Eintragung in der Heimath zu bewirken. BEKANNTMACHUNG. Da nach officiellen Nachrichten in Japan der Krieg zwischen Seiner Majestät dem Mikado und dem Taikuhn ausgebrochen ist, und die Beobachtung strenger Neutralitat dadurch nothwendig wird, so mnoht der Unterzeichnete Geschäftsträger Seiner Majestät des Königs von Preussen in Japan die preussischen Unterthanen und Schutzgenossen; darauf aufmerksam, dass eine Betheiligung an dem Kriege, selbst in der Eigenschaft als Nicht Combattant, die Zuführung von Kriegs und Transportschiffen, die Zuführung und Beforderung von Militärpersonen, Depeschen und zur Kriege-contrebande gehörigen Gegenständen in preussischen Kauffahrteischiffen für irgend einen der beiden Theile nach den Grundsät zen des Volkerrechts eine Verletzung der Neutralität in sich schliessen und als feindliche genhodet werden konnen.

Die im Militärdienste befindlichen Personen können daher nach Kriegsgebrauch behandelt werden, withrend die Schiffe und sonstigen Transportmittel der Wegnahme und Confiscation unterliegen, welche auch auf die Uebrige, etwa vorhandene, Neutralen gehörige Ladung ausgedehnt werden

Jede Verletzung der Neutralität durch preussische Unterthanen und Schiffe würde dieselben ausserdem der Gefahr aussetzen, ihrer Ansmitche auf den Schutz der Königlichen Regierung sowie auf die in dem preussisch-japanischen Vertrage garantieten Rechte mid Privilegien verlüstig zu geben. But it ed notice of such a work, to give an adequate idea of its contents. When we come to consider that the book before us makes no pretensions to be a history, but merely a guide book, we cannot hesitate to pronounce it at once the most complete work of its kind ever issued. The A MONTHLY MEDIUM OF INTER-Appendix may be termed the China Bradshaw, and the text teems with interesting papers, -historical, botanical, and descriptive. The maps and plans are useful illustrations of the geographical position of the treaty ports, and a valuable assistance both to travellers and residents.

Shanghai Recorder May 7, and Supreme Court and Consular Gazette, May 11, 1867. A very useful book has just been issued from the Press in Hongkong under the title of the " Guide Book and Vade-mecum to the Treaty Ports of China and Japan," compiled and edited by Mr N. B. Dennys. The Book is very conveniently got up; is interspersed with maps of the various tresty ports, and contains, besides much useful local information, historical sketches of much interest. Our readers will feel naturally interested in what is said concernmg Shanghai; and a good idea of the history of this place is conveyed in Mr Lennys' work. \* \* \* The other ports in China and also those in Japan are carefully described, and almost all particulars which can be required by the traveller or resident are to be found in this work, which may be justly regarded as the " Murray " for China.

From the Hankow Times, May 18, We feel it to be a public duty to take the first opportunity of cailing attention to the "Guide Book and Vade Mecum" just is sucd for "travellers, merchants, and resideuts in general," in the Treaty Ports of China and Japan, by Messrs Shortrede & Co., of Hongkong. \* \* \* The order of description of the various places follows their position on, or from the coast, as we go northward. In each instance the history, position, means of access, accommodation, foreign residences, public buildings, community, mode and cost of living, climate, associations, amusements, places of interest, native institutions, population, local government, natural history, productions, and statistics of trade are given, along with a miscellaneous detail of facts and incident, in connection with particular localities. So far as we are able to practically test the individual descriptions of the various places, they are given with a considerable degree of tairness and fulness. Peking, Yedo, and Macao are wisely included in the general survey. \* \* \* The value of the book is greatly increased by a most copious index. and the work closes with a set of useful appendices. The last of these is the greatest novelty of the work. It consists of a bibliographical index of all formal works published from the earliest date in the English language on China and Japan.
